PLACEMENT PROJECT PLAN SAMPLE FOR INTERNSHIP IN

Logistics & Supply Chain

Placement

Placement: Strategic Partnership project manager (SPPM) Intern for TellCo Europe

Placement Career Field: Logistics & Supply Chain

Placement Country: Switzerland(German)

Project 1: The intern will develop a Business plan to create the strategic Partnership plan for TellCo Europe and its partners and clients in the renewable energy sector aiming to start or expand operations to different regions. The intern will work on the development of partnership products for the development of Renewable Energy sectors of Africa, Asia, and Latin America, and will create a partner profile of each partner and large account and develop a partnership profile with them. The intern will then develop sales, marketing, and investment strategies with the partners

Project 2: The intern will execute business process improvement trajectories for companies and value chain partners to improve their operations, management, and value chain processes. The intern will assist in the developing and analyzing of financial models with the partners in cooperation with the Finance project manager. The intern will carry out market research, feasibility studies, and value chain analyses, as well as develop strategies to seize opportunities and tackle risks. Working with organizations like WWF, Power Africa, USAID, and Deloitte the intern will work to acquire new clients and to develop new projects.

Project 3: The intern will propose new ideas, processes, and concepts for partnership models for TellCo Europe clients. At the moment we need innovation partner models. The intern will also write and distribute e-newsletters to subscribers for partnership models in cooperation with

Marketing. The intern will undergo competitor analysis by reviewing competitor partnership activities and prepare and deliver presentations, and webinars while also keeping an organized record of partnership metrics. Finally, the intern will assist the financial project manager to select and onboard new funders for TellCo Europe and agree on a defined process with them that leads to agreements. Which funders (debt, equity, crowd funders, impact financiers, import banks, development banks) is suitable for which TellCo Europe client and vice versa.

Please note: The projects and actual tasks may vary and can be discussed with your supervisor before and during your internship.
